TURKEY ACCUSED OF INVASION OF MOSUL DISTRICT

Great Britain Laid Formal Complaint Before the League of Nations and Asked That the Matter Be Attended to Now

FORCE TO BE USED TO REPEL INVADERS

(Associated Press) GENEVA, Sept. 25.—Great Britain brought a new element into the Mosul controversy today, when, at a meeting of the council of the League of Nations, she accused Turkey of invading the Mosul district in violation of the treaty of Lausanne and gave formal notice that under Article XI of the league covenant, she desired to submit the matter as one threatening that good understanding between the nations on which peace depends.

Lord Parnell read a communication alleging that Turkish regular soldiers formed part of the invading bands which allegedly disregarded the status quo which both Turkey and England agreed to respect pending settlement by the council of the league of the frontier dispute.

As late as September 22, Lord Parnell continued, an Iraqi force under British officers was forced back by three bands, their retreat being accompanied by the flight of masses of Assyrians, Christians and Iraqi tribesmen; the British government desired to protest in a most solemn manner against the intentional and flagrant violation by Turkey of the Lausanne treaty which had been duly ratified, had entered into force and had been registered with the League of Nations.

The British spokesman concluded that the British authorities in Iraq had been authorized to take all necessary action to prevent further invasion which was liable to entail serious unrest or bloodshed.

FLYERS TRAVELED FOR MANY HOURS

Twenty-Eight Thousand Miles Traversed Says the Statistician of the Trip

(Associated Press) SANTA MONICA, Cal., Sept. 25.—Lieut. Leslie Arnold, mechanic for Flight Commander Lowell H. Smith, who kept the log of the world flight, announced this morning that the flyers traveled 28,000 miles on their way to Santa Monica and had been in the air 350 hours. He explained that these are "round figures" but said that they were very close to the actual mileage and running time.

(Associated Press) SAN FRANCISCO, Sept. 25.—The world flyers arrived here this afternoon, landing at Crissy Field, where they were given a reception by a great crowd.

They expect to get away early tomorrow for Oregon.

Hunt's Daily Letter

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON—Has aviation reached a stage to make a strong navy any less important than it was?

In the last few days the suggestion has been made that it has.

The suggestions came from the White House.

Government experts are very backward about taking issue with the president. But among themselves—the idea's too ridiculous for words, practically all of them say. Here and there, perhaps some out-and-out aviation fanatic may hold otherwise, but he's a hard taskmaster to find, even in aviation circles.

THAT aircraft are important as naval auxiliaries is agreed. It is conceded readily that a war fleet without them would be at a tremendous disadvantage—probably a fatal disadvantage—against another fleet adequately equipped with such auxiliaries.

"But to compare a battleship and an aeroplane, as weapons," to quote an officer who holds an important Navy Department post, "is like comparing an automobile with a piece of pie. They're unrelated, entirely. One's for one thing, the other's for another. There's nothing interchangeable about them."

Mrs Sweetin Thinks Of Her Three Boys

MOUNT VERNON, Ill., Sept. 25.—"I never want to see that man again, never," C. C. Sweetin, declared here today Mrs. Elsie Sweetin, his daughter-in-law, told him last night in the jail at Salem, Mo., where he had been taken after poisoning his wife, Mrs. Sweetin, who died last night.

"He made me do it. He made me do it," she said over and over again to Mr. Sweetin, who despite his advanced age, had ridden long miles through the chilly night, because, "after all, Elsie is the boy's mother," he wanted to talk to her about the boys' future.

"Not one harsh word did he say when he met the woman who had confessed she had poisoned his son, her husband, Wilford Sweetin."

"My son is going and nothing we can do will bring him back," said Mr. Sweetin today. "There are the three little boys and I want to do right by them. For their sake I hope that Elsie does not hang."

State's Attorney Frank G. Thompson accompanied Mr. Sweetin to Salem at the latter's request. When the aged man confronted Mrs. Sweetin in the jail, he extended his hand without a word. The daughter-in-law took it

in both of her hands and bowed her head.

"He made me do it," she began, "I didn't want to."

"I came to talk to you about what to do with the boys," broke in Mr. Sweetin. "Let me tell you about," said Mrs. Sweetin. "I didn't want to do it. When he named it, I said I would not. But he kept after me. I argued for a month but he kept telling me to do it. I was in his power. Anything he said I felt like I must do."

"It was terribly hard for me to give Wilford the first poison. When he didn't die, Hight came to the house. He handed me a peach and slipped a note in my hand at the same time which he said to give more poison. All the time my husband was sick he was coming to the house and giving me notes telling me to give more poison."

The mother begged that the children might be allowed to come to Salem and visit her in the jail. She insisted that the boys not be separated and they be sent to the Masonic Orphanage.

When her father-in-law started to leave, Mrs. Sweetin requested him to stay longer, declaring she was "afraid and awfully lonesome" in the Salem jail.

As late as September 22, Lord Parnell continued, an Iraqi force under British officers was forced back by three bands, their retreat being accompanied by the flight of masses of Assyrians, Christians and Iraqi tribesmen; the British government desired to protest in a most solemn manner against the intentional and flagrant violation by Turkey of the Lausanne treaty which had been duly ratified, had entered into force and had been registered with the League of Nations.

DECISION IN THE FERGUSON CASE BE MADE MONDAY

Stephens Says He Would Prefer Wrecking Democratic Party to Having Mrs. Ferguson Appear as Nominee Illegally

THINKS THE NOMINEE SHOULD RESIGN PLACE

(Associated Press) AUSTIN, Sept. 25.—Decision on whether Mrs. Muriel A. Ferguson will be permitted to remain the democratic candidate for governor will be announced next Monday at 10 a. m., Judge George C. Calhoun announced at the close of arguments in the case shortly before noon today.

The hearing ended with an argument by Judge J. W. Stephens of Fort Worth, representing the plaintiff, Charles M. Dickson of San Antonio.

Replying to the charge of Mrs. Ferguson's attorneys that the granting of the injunction would wreck the democratic party and deny it a governor, Judge Stephens said he would rather "wreck the democratic party than destroy that solemn and sacred document known as the constitution of Texas."

"I voted for Mrs. Ferguson," said Judge Stephens. "I swallowed a bitter pill. We were confronted with the necessity of choosing between two evils. But I am now trying to see that our constitution is vindicated."

"When the primary law was first suggested, my friend A. J. Flood of Weatherford, predicted that the primary would ruin the party. I believe his prophecy has come true. And if this law does nothing more than bring about a wrecking of the party, if it does away with the necessity of ever again making the choice that confronted us in the last primary, I am sure our work will not have been in vain."

When Judge Stephens said he had voted for Mrs. Ferguson, there was applause in the court room, which brought a call for order from Judge Calhoun, who said the mark that "this is not a political convention."

Judge Calhoun said there probably would be no written opinion as he didn't have time to write one. That he expects to study the authorities at length was indicated by a remark he made to counsel.

The case seemed to be some "dispute" over what other cases hold. If Mrs. Ferguson wants to do a big, patriotic thing she should resign from the ticket and let the democratic party elect its own candidate.

The burden of Judge Stephens' argument was that the word "governor," as used in the State constitution, should be interpreted in the light of its meaning at the time the constitution was written, that it meant a male ruler, that at common law women could not hold office and this provision necessarily was absorbed into the constitution by its makers. Texas has never removed this disability from women and there is no law in this state which says that a woman is not qualified to hold office.

Other states have made such specific provisions by special laws. Cases cited from other states by the defense arose under laws which specified that women were not to hold office. Judge Stephens said, "The Ferguson case is taking the government over as partner."

"If financial matters especially husbands and wives are partners under the laws of this state," he continued, "and hence Mr. and Mrs. Ferguson are proceeding to take charge of government, then the partnership capacity."

"A man has been solemnly impeached and removed from office by decree of the legislature, yet if the Ferguson program is carried out this decree is to be destroyed and you will trample under foot the edict of the highest court in the state. It is a ridiculous piece of legislation."

The Ferguson program is carried out this decree is to be destroyed and you will trample under foot the edict of the highest court in the state. It is a ridiculous piece of legislation."

Weather Map Sent Cotton Whirling

(Associated Press) NEW YORK, Sept. 25.—Fears that the cotton movement will be seriously delayed as a result of present rains in the South Atlantic States led to a big advance in October contracts today. They sold at 24.50 by midday, on a full 55 a bale above last night's close, while December was up 75 points to 23.55. Shorts were principal buyers.

The market opened steady today at a decline of 6 to 13 points in response to rather poor Liverpool cables and a favorable view of the weather outlook except for the possibility of further showers in the Atlantic States.

December sold off to 22.65 at the start, but there was good buying for the decline, which seemed to be partly for trade accounts. Prices turned firmer in consequence.

The outlook for further rains in the Eastern belt probably contributed to the rally which soon carried prices up to 23.81 for December and active months generally back to about yesterday's closing.

Reports of rain in Georgia and prospects of further showers or rains in the Eastern belt stimulated buying later. Trade interests were heavy buyers of December and January, while active covering of October shorts and strength of near positions helped the tone of the general list. October sold up to 24.16 and December to 23.21 with the market ruling about 40 to 45 points net higher at midday.

Midday reactions were to 25 points were followed by renewed strength during the afternoon on covering and buying stimulated by the detailed weather reports showing heavy showers over the Eastern belt. October sold up to 24.16 and December to 23.21 with the general market showing net advances of about 90 to 100 points.

After a brief period of reaction on a mid-session, the market again turned firm and October duplicated its previous high at 24.42 and all the later months made new highs. December trading up to 23.81. January 23.82 and March to 23.83. No new reasons were given for the further strength of the market except that reports of crop deterioration in the Eastern belt are increasing.

The market continued to range near the highs well into the afternoon hour.

Exports for the day were fairly light, totaling 29,325 bales. The futures closed very steady at net advances of \$4 to 96 points.

Philadelphia Folks to Pay a High Car Fare

(Associated Press) PHILADELPHIA, Sept. 25.—Philadelphia today went on an eight cent street car fare basis, or two cents for fifteen cents, simultaneously with publication of the letter of Governor Pinchot to the State Public Service commission criticizing that body for "unseemly haste" in temporarily approving the rise in fares. The old street car rate was seven cents or four rides for twenty-five cents.

Seven Autos Hit Dallas Streetcars Every Day

DAWES ATTACKS LA FOLLETTE AS FRIEND OF REDS

Declared in Minnesota That the Constitution Had to Be Attacked in Order to Line the Socialists up for Wisconsin

DECLARED THERE IS NO RADICALISM IN WEST

(Associated Press) ABOARD DAWES SPECIAL ENROUTE TO MINNEAPOLIS, ZIMBROTA, Minn., Sept. 25.—Senator La Follette, independent candidate for president, was charged by Charles C. Dawes, republican vice presidential nominee, in a series of Minnesota speeches today with having "attacked the constitution of the United States in order to obtain socialist support."

"Robert M. La Follette, in order to get the socialists, massed behind the red flag, into his combination had to attack the constitution of the United States," Mr. Dawes declared. "That does not go out in this section of the country for there is no radicalism in the West. What they call radicalism in the West is merely a desire to improve conditions."

Mr. Dawes made this declaration in an early morning address at Rochester and continued the attack on the La Follette candidacy as he traveled northward toward Minneapolis with rear platform speeches listed for Zumbrota, Red Wing and South St. Paul.

The crowd that greeted Mr. Dawes at Rochester stretched away almost a hundred yards on all sides of his car and cheered when the speaker, in conclusion, declared the voters of Minnesota this fall had their choice between the "constitution of the United States the American flag and President Coolidge on the one hand and La Follette and his following on the sinking sands of socialism on the other."

JOHNSON'S COMMENT ON CALIFORNIA COURT

SAN FRANCISCO, Sept. 25.—United States Senator Hiram W. Johnson, commenting today on yesterday's decision of the State supreme court in barring the La Follette electors from the November presidential ballot, denounced the opinion as "unjustified by the law, contrary to public policy and one of the most harmful consequences."

The senior senator added that "it is decisions such as this that undermine public confidence in the courts."

ROOSEVELT NAMED BY REPUBLICANS

Son of His Father Was Nominated for Governor on the First Ballot

THEODORE ROOSEVELT

(Associated Press) ROCHESTER, N. Y., Sept. 25.—Theodore Roosevelt, assistant secretary of the navy, and son of the late president, was nominated by the republican State convention here as the party's candidate for governor.

The nomination came after the first ballot, when he polled 565 in the convention. The nomination was made unanimously and by acclamation on the motion of former Governor Benjamin B. Odell, manager of the pre-convention campaign of Supreme Court Justice Arthur S. Tompkins of New York.

When informed of his nomination, Col. Roosevelt said: "The republican party has done me a very great honor and I am greatly gratified. I shall lend every effort to back up Calvin Coolidge."

Later Col. Roosevelt was given a tremendous ovation when he appeared on the convention platform to endorse the convention adjourned.

Mrs. Florence S. Knapp, nominee for secretary of state, is the first woman candidate for a State office in New York on the republican ticket.

SMITH IS TO BE NAMED BY ACCLAMATION TODAY

SYRACUSE, N. Y., Sept. 25.—The democratic State convention in a brief session today listened to a keynote speech by Francis E. Cullen, adopted resolutions and adjourned until 11 o'clock tomorrow, when Governor Smith will be re-nominated by acclamation.

SIX CABLEGRAMS SIMULTANEOUSLY

Engineers Are at Work on an Automatic Printer for the Undersea Wires

(Associated Press) NEW YORK, Sept. 25.—A cable speed record was set yesterday when 1700 letters a minute were transmitted in the first test of the new Western Union line between New York and the Azores, the company announced today. Present cables provide a speed of only 250 letters a minute.

The loading of the conductor of the new cable with permalloy, a new magnetic material, developed by the Western Electric company, was designed to make possible a rate of at least 1500 letters a minute. The ground connection was placed 100 miles from the New York shore to avoid electrical disturbances common in shallow water.

Engineers of the company are now at work on a printing telegraph instrument which will enable the sending of six cablegrams simultaneously.

HE THAT KEEPETH HIS MOUTH. Keppeth his life, but he that openeth wide his lips shall have destruction.—Proverbs 13:3

SCIENCE MAY YET END WAR

Science built the battleship, and now is hunting it from the seas with the submarine from below and the plane from above.

It has helped create armies, but is becoming helpless to protect them against new enemies it has bred—enemies that strike the armed and helpless alike.

Secrecy, essential in war, is becoming impossible to secure. Armies and fleets cannot be hidden from dirigibles loading miles high, sweeping hundred-mile horizons at a glance and stealing the secret dispositions of troops and depots on a photographic plate ten by twelve inches that reveals every detail.

Science, that "Fifth Estate," has left no noncombatants in modern warfare that has become a clash of nations rather than of armies. It has lifted war from the land and the water, and from under the water, into a "Fourth Dimension," the air.

Ancient conquerors ravaged the land with the sword and the torch and sowed with salt the ruined towns of their enemies. A modern conqueror hurls tons of nitrogen explosives at a nation and sows an invisible death out of the sky.

Doubtless heartsick men looked at the smoking ruins of Babylon, Nineveh and Tyre and dreamed of a warless world. In the wake of Alexander, Attila and Alaric men must have felt in the fields of the dead that humanity was destroying itself. These, after all, were little wars, shaking a city, a province or a continent. The wars where Science is the handmaiden of Mars shake the world.

They put a new fear into mankind; and this fear may be the beginning of wisdom. Certainly the world is more afraid of the "next war" than ever before. This fear is at least as powerful in the peace assemblies of the nations as are good will and the brotherhood of man.

Civilization does not want to commit suicide. It fears that it may with the weapons the "Fifth Estate" has placed in its hands. Mankind begins to dread that Science may solve all the problems of war and disarmament by the final and utter destruction of the race and its civilization. In the shadow of that fear the instinct of self-preservation in humanity begins to assert itself as it glimpses the new terrors that are the products and by-products of Science.

MOROCCO SEEKS INDEPENDENCE

Spain has been beaten to a standstill in Morocco. She is now seeking peace with the native tribes upon virtually the same terms she offered in July, 1923.

Her final effort at subjugation, which followed rejection of these terms, her year of fighting under the advantage of a governmental dictatorship, has, apparently, proved worse than futile; for the tribes, flushed with victory and regarding themselves invincible, hope to follow Turkey's example and free themselves from the foreign yoke.

Morocco, like Turkey, situated at a strategic point along one of the most important lanes of world commerce, has been dominated politically by the big nations. In 1912, the whole territory, with the exception of the Tangier area, was divided by Spain and France and protectorates imposed.

If the natives of the Spanish Rif are able to set up anything like an independent nation, a new deal will be called for involving all the big nations, including the United States—just as was the case with Turkey.

Precedent such as was set at Lausanne is apt to go a long way in international politics.

BIG DIRIGIBLE IS GIVEN REAL TEST

Kept in the Air for a Swing Over Germany and the Baltic to See if Motors Work

ABOARD THE ZR-3 OVER HAMBURG, Germany, Sept. 25.—By Wireless to the Associated Press—Six airplanes met the ZR-3 when she arrived over Hamburg today on a trial flight and engaged in a variety of stunts as a reception to the dirigible.

Below the airship thousands of upturned faces and fluttering handkerchiefs could be seen. The aircraft had been traveling steadily for eight hours.

Dr. Hugo Eckner, president of the Zeppelin airship company, who is conducting the trial trip of the giant dirigible, started the airship on her long endurance test today with the intention of sweeping around Germany in a great circle, spending the night over the Baltic and reaching Berlin Friday morning.

This afternoon the dirigible took a peep into the occupied territory of the Ruhr, passed by Frankfurt and then proceeded over Holland and on to Flensburg in Schleswig, where Dr. Eckner was born and then over Hamburg and Bremen. The route mapped out for the big flier, called for her passage over some 200 towns.

EAST PARIS P. T. A. MEETING THURSDAY

The Parent-Teacher association of East Paris met Thursday afternoon with twenty-five members in attendance at the school.

The meetings hereafter will be held once a month, on the third Thursdays, with quarterly open meetings in the evening, to which all patrons of the school will be invited.

The first part of the meeting was devoted to a discussion of routine matters and plans for the coming months' work.

Mrs. Couch, chairman of the grounds committee, reported excellent care taken of the flowers and shrubs during the summer months and the blossoms have been used to brighten the rooms at Alkin hospital and the charity wards at the other institutions over the city.

The grounds are specially lovely since the recent rains and a drive or walk past the school is well worth the trouble just to see what is now one of the beauty spots of Paris.

Admission of Communists and Attendance of Ministers at Court Two of Them

(Associated Press) LONDON, Sept. 25.—Something near a struggle between the executive of the labor party and a large section of the members is in progress over the question of affiliation with the communists.

Several branches of the party have given notice of resolutions in favor of the communists' application for affiliation at the annual labor conference to be opened October 7, and the demand for their official inclusion is said to be growing among the rank and file.

It is recalled that previous conferences have steadily refused to admit the communists, and the executive of the laborites in a long statement issued to the members of the party reiterates its opposition to such affiliation.

According to some observers, a more bitter fight on this question will be waged at the coming conference than ever before. The executive's statement gives the membership in the communist party here as about 4000.

Many more serious subjects than court costumes will be discussed at the meeting. Some of them call for nationalization of the mines and electric power, municipal distribution of food and other socialistic schemes. All the members of the government in England at the time probably will attend the conference which assembles October 7.

A dozen resolutions on the subject of the ministers and their wives and daughters wearing court regalia just like the aristocratic "old order" are down on the agenda.

Some of the resolutions express regret that such is the case, while others protest against it. One declares it all another merely views it with disfavor.

One resolution to be offered says that if the ministers find it absolutely necessary to attend the court they should wear "rational attire" and "if not admitted, Number 10 Downing street should be the place to settle the matter, quelling his majesty's presence."

It has never been the custom of King George nor of his royal ancestors to transact business at Number 10 Downing street, which is the official residence of the prime minister. When a minister has business with the sovereign he goes himself to the palace. The king never drops in on him at his office to talk over affairs of state.

Resolutions on the agenda refer to court dress as a "foolish and silly display, inconsistent with the aims and aspirations of the labor movement."

The labor ministers are urged to "cultivate that sense of humor without which true dignity cannot be achieved" and such cultivation is urged "in the hope that in the future they may attend court functions in a more rational and democratic attire."

Messenger is Gone with Hundred Thousand Roll

(Associated Press) SPRINGFIELD, Mass., Sept. 25.—The Union Trust Company of this city, today reported to the police that \$100,000 consigned to the bank last night was missing.

The bank asked the police to seek William J. Hanifin, 46 years old, employed by the bank as a messenger and guard, also who is missing.

Hanifin, who had been in the employ of the Union Trust Company for 14 years, obtained the currency at the postoffice, receipted for it and left.

The shipment according to a bank official was from the National Shawmut Bank of Boston and the Chase National Bank of New York.

Confessed to Attack and Murder of Child

(Associated Press) GARY, Ind., Sept. 25.—The body of Annie Tomick, who was kidnapped Monday, was found today when the police were led there by Peter Vergolini, 32 years old.

The child had been attacked, strangled and stripped of her clothing, according to the police. Her hands were bound at her sides.

Vergolini was arrested in Chicago last night and brought back to Gary. After an all-night grilling he confessed, according to the police.

ARE SOWING BARLEY FOR WINTER PASTURE

L. J. Cooper, a Red River county farmer living near Bogata, who spent Thursday night in the city, said that several farmers down there have sown barley for winter pasture, and that others will sow it.

WALTER P. CHRYSLER'S TRAFFIC TALKS

CLEAN WINDSHIELDS Is much of the trouble that motor car drivers experience from headlight glare, due to the condition of their own windshields?

The American Automobile Association says yes.

Dusty or dirty windshields greatly distort the light rays that come through them at night and thereby produce additional glare.

The windshield can become a distorting lens if not properly kept clean.

Each particle of dust, being partly transparent, serves to diffuse or bend a light ray, and the result is that the man who looks through the windshield at an approaching headlight imagines that he is the victim of someone else's carelessness. The glare is largely his own fault.

A clean windshield will also reduce glare in day time, minimizing the possibility of an accident.

AS EVANS SEES KLAN PURPOSES

Says That Sectarianism and Party Division Can Be Abolished if Lived up to

(Associated Press) KANSAS CITY, Sept. 25.—"Klancraft proclaimed and lived by a million people would destroy sectarianism and unite Protestant Christians in America within a couple of decades," Dr. H. W. Evans, imperial wizard of the Ku Klux Klan, declared here today in his address on "The Klan Spiritually" before the final session of the second imperial klonovokation of the order.

"The millions enrolled and enrolling in the Klan—if they get the vision and they will—are certain to abolish sectarian bitterness in this country as it is certain that light dispels darkness," Dr. Evans continued.

While the official adjournment of the klonovokation, which has been in session here since Tuesday, was not expected until late tomorrow, officials of the Klan said the session today would conclude the convention and gave an explanation only that "the imperial wizard decided to adjourn a day early."

Dr. Evans, in his final address to the klonovokation, confined his remarks entirely to the religious side of the Klan, "the soul of the order," and his conceptions of the Klan's future mission and usefulness.

"The Knights of the Ku Klux Klan," he said "founded on the Living Word and especially on the twelfth chapter of Romans (which is, as a matter of fact, a compendium of the Bible) has in it the possibility of universal and rock-bottom reform."

Dr. Evans asserted that while at present the Klan is apparently for America, as a few of its principles are applicable in the United States only, "the majority of its principles could be, and will be, applied throughout the world."

Referring to the "gigantic Klan possibilities," Dr. Evans declared that "partyism in politics has long hindered our national progress." He asserted that the Klan's educational program is already modifying this "deplorable condition" and the signs are that before many years pass the real citizens of our great country, no matter where they live, will regard themselves as an American first and any other—democrat, republican, or something else—second.

Klancraft applied will produce full-ordered Americanism.

NEW LAMP BURNS 94 per cent AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. government and 35 leading universities and found to be superior to ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple to clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. T. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$250 to \$500 per month.

Adelaide and Harry Have Landed Many Things

Knowing that they would have to rival Paris clothes, Polly and Mitzi have put on the smart things they own. Polly's cashmere suit has for its only decoration one material applied on another. It has a swishy feather ornament. Mitzi's dress is in the redingote style. It's of blue twill and is embroidered in yellow. Of course all the reporters think that the entire party has just landed. They are taking notes on Mitzi's costume as well. Style is style, no matter what country it comes from and Mitzi will always have it.

STOCK TRADERS TOOK PROFITS

Ignored Favorable News and Got the Money on Their Previous Investments

(Associated Press) NEW YORK, Sept. 25.—Stock prices yielded to profit taking in today's market, largely ignoring such favorable trade news as publication of record-breaking car loading statistics and a further reduction in crude oil production.

Motors and public utilities showed independent strength. S&W's approximated 950,000 shares.

The losses in some of the market favorites were partly offset in the afternoon when Consolidated Gas and North American went into new high ground and various equipment, motor, rubber and miscellaneous stocks moved up briskly.

Peoria & Eastern was the strongest feature of the railroad list rising 3 points to a new top level. "Seo" preferred dropped 4 1/2 and Philip Jones preferred 5 1/2 points.

SNOW IN CANADA A BOOST FOR WHEAT

(Associated Press) CHICAGO, Sept. 25.—The wheat market developed some additional strength. It was estimated that export sales of wheat amounted to fully 2,000,000 bushels. Snow was reported at Edmonton, Can. The close was firm 3 1/2 to 1 1/2 net higher, December 1.35 to 1.36 1/2 and May 1.41 1/2 to 1.41 5/8.

Excellent weather conditions led to heavy selling of corn. After opening at half cent decline to 2-8c advance December 1924 to 1.03 3/8 the market underwent a decided drop.

RAW SUGAR GAINED DEMAND FOR REFINED

NEW YORK, Sept. 25.—With an increased demand raw sugar gained another 3/4 cent today to the basis of 6.93 for Cuban duty paid.

A New Record Made in the Freight Traffic

(Associated Press) NEW YORK, Sept. 25.—Railroad freight traffic hung up a new record for 1924 in the week ended September 13 with total loading of 1,061,424 cars within 3.20 per cent or 35,850 cars of the highest week on record which was September 27, 1923, the American Railway association reports. This was a gain of 149,445 cars over the preceding week when a labor day reduced loading, an increase of 861 over the same week last year and 124,293 over the corresponding week in 1922. Loadings since the first of the year aggregated 33,569,014 cars against 35,144,796 in the same period of 1923.

Stranger Was Found in a Bad Way in Titus

(Associated Press) MOUNT PLEASANT, Sept. 25.—With hands and feet tied, his mouth gagged and a sack over his head, a man apparently about 25 years old was found on the outskirts of Mount Pleasant in an unconscious condition early today. Officers said a Dallas address found in his clothing may lead to the man's identification. He is of light reddish complexion and weighs about 140 pounds.

Police Again Believe They Have Real Robber

(Associated Press) NEW YORK, Sept. 25.—In the arrest today of John Feinstein, 24, who gave his occupation as that of a chauffeur, police believe they have one of the four men who on the night of September 15 held up and robbed Miss Edith Babb of \$75,000 in jewels and assaulted her escort.

SOCIETY

Honoring Miss Florence Rose gave a delightful party of 12 tables in honor of Miss Henrietta Warren, a bride elect, the rooms where the tables were arranged being attractive with fall flowers carrying out the general color scheme of yellow.

In the games, Mrs. Hoyt Braselton won the high score award, a candy jar, and Mrs. J. S. Knight the consolation, an embroidered vanity set, while the table prizes, vanity dolls, dressed in yellow, went to Mrs. Lynn Whiteside, Mrs. Eugene McCullough, Mrs. P. J. Pierce, Mrs. Burt of San Antonio, Mrs. W. H. Thompson, Miss Thetis Williams, Miss Gwladys Jones, Mrs. Robert Murphy, Mrs. W. J. Fox, Mrs. Joe S. McKnight, Mrs. Charles Fuller and Mrs. Hoyt Braselton.

Miss Warren was given a pair of bronze polychrome book ends and Miss Julia Pyeatt, a bride of the coming week, was given a set of Dutch silver table mats.

Mrs. David Ames of Breckton assisted the hostess in serving a delicious salad course with an apricot ice and individual cakes, the yellow color motif being carried out in the various appointments as well as in the table designs.

Honoring Mrs. Wardell

On Wednesday evening Miss Martha Broadhead honored her sister, Mrs. Edwin Wardell of Dallas, with a bridge party at her home, five tables being placed for the guests.

The rooms were decorated with pink roses and lilies.

At the close of the games, Miss Broadhead was assisted by Mrs. Gladys Hinchey, Mrs. May Larson and Miss Gladys Griffin in serving a salad course.

Mrs. Hinchey gave a delightful reading from O. Henry which was thoroughly appreciated by the guests.

The high score award a box of stationery, went to Mrs. Lynn Whiteside, and the second, a silver vanity case to Mrs. Roy Johnson, while the consolation, a box of Madeira handkerchiefs, fell to Miss Mary Harms.

The honoree was given a handsome pair of silk hose, and Miss Henrietta Warren and Miss Julia Pyeatt, two brides of the coming week were each presented with two Madeira handkerchiefs.

A. L. A. To Sell Poppies

The American Legion Auxiliary met Thursday afternoon at the home of Mrs. M. F. Drummond on Pine Bluff street, with twelve members present.

During the brief business session plans for the auxiliary's part in the celebration of Armistice Day, were discussed.

The sale of poppies to be worn that day is to be pushed by an active campaign in order to aid the State hospital fund. The Legion.

DELTA COUNTY CLAIM WAS FULLY REIMBURSED

When the Security State bank of Chicago closed its doors three years ago Delta county had \$500,000 deposited in it that had been derived from the sale of bonds for road building and the failure hampered the county considerably. The bank was re-organized right away, however, and the indebtedness to the county was assumed by the re-organized bank. A visitor from Cooper, Thursday stated that the bank had just finished paying off the last cent's indebtedness to the county.

CAPTURED A TARANTULA AT EVERGREEN CEMETERY

While George Roland and Van Harris were sitting on the curb on South Church street near Evergreen cemetery their attention was attracted by a tarantula which had slowly started to crawl across the road. They set to work to capture it and it showed fight, but they put a string over it and held it until they got a glass jar to put it in. Jodie Morgan took it to the high school today for his class to investigate.

FIRST WARD WON FROM SECOND WARD

The baseball team of the First Ward school won the first game of the year on the home grounds Tuesday afternoon from the Second Ward team.

The game was hard fought, the final score being 11 to 10.

The First Ward school plans to have a number of games this fall. Prof. Chalmers is interested in sports and the children are eager to play.

EASTERN WOMAN SEEN CERTAIN TO SIT IN CONGRESS

Mrs. Mary T. Norton, Democratic candidate for congress in the Jersey City district of New Jersey, is regarded as virtually sure of election.

RUTH CROSS MAY PAY PARIS VISIT
Author of The Golden Cocoon Has Intent of Coming to Texas to See Father

Readers of "The Golden Cocoon" and the friends of the author, Ruth Cross, a Lamar county girl, will be glad to have news from the writer who is spending a vacation at Smith Hill, in Connecticut, and who states that she and her companion, Miss Annie Laurie Williams a young newspaper woman and also a Texas girl who was born forty miles from Paris, expect to stay there "till snow flies."

Motion picture rights for the novel, "The Golden Cocoon," were sold in August and it is probable that it will be dramatized for the stage very soon.

"The Golden Cocoon," published in March by Harper's, with a sale of 10,000 copies before it was printed, has already reached its fifth edition.

During the summer Miss Cross has written thirty chapters of a new novel to be brought out in the spring by Harper's, with whom she has a three year contract, and has been revising a play dealing with divorce in Reno.

Miss Cross is especially pleased with the recognition given her work in her home State. Holland's magazine of Dallas has published many of her stories and had one in the September issue.

Her alma mater, the University of Texas, awarded "The Golden Cocoon" the \$500 D. A. Frank award prize. Moreover, the book is to be placed on the program of the federated clubs of Texas.

Miss Cross wrote Ed H. McCullison, secretary of the year's work, with particular emphasis to program meetings, were formed.

Mrs. E. S. Olsen was elected second vice president and Miss Myrtle Ross, secretary to fill vacancies in the organization.

Mrs. Dalton Sales was elected chairman of the sales committee.

A membership drive is to be started next month, and the first meeting of October is to be an open meeting at night.

WEST PARIS P. T. A. HAD A MEETING

The Parent-Teacher association of the West Paris school met at the school building Thursday afternoon with a fairly good attendance.

Matters of business were discussed and plans for the year's work, with particular emphasis to program meetings, were formed.

Mrs. E. S. Olsen was elected second vice president and Miss Myrtle Ross, secretary to fill vacancies in the organization.

Mrs. Dalton Sales was elected chairman of the sales committee.

A membership drive is to be started next month, and the first meeting of October is to be an open meeting at night.

MEETING OF P. T. A. OF FOURTH WARD SCHOOL

The Parent-Teacher association of the Fourth ward school met Thursday for the first business meeting of the school term.

The reports of the various committees were read and plans for the year's work were discussed.

Mrs. Jap King was appointed chairman of the finance committee which has plans under way for the association to sell lunches every Thursday to the school children.

EAST PARIS P. T. A. HAD GOOD MEETING

There was a good attendance at the first meeting of the East Paris P. T. A. on Thursday afternoon and some interesting plans for the year's work were discussed.

The organization decided to meet once each month.

Mrs. R. L. Johnson was elected secretary to fill the place vacated by Mrs. Walter Dewese, whose moving to West Paris is much regretted by the East Paris P. T. A. in which she was an active worker.

The CALENDAR OF DINNERS

A new source of daily cooking help

Contents

365 complete dinner menus—one for each day of the year. A daily answer to the daily puzzle, "What shall we have for dinner to-night?" Practical suggestions for judging, choosing and cooking meats, fish, fowl and game. "Time-table" showing just how long to cook various classes of foods together with a complete and modern table of measurements. Unusual and unusually helpful ideas about cake-making and pie-baking. Special sections on Soups, Vegetables, Candies, Salads, Puddings, Breads, Eggs, Vegetarian dishes and the Art of Carving. 231 pages of practical culinary information handsomely bound in blue cloth and printed on fine coated paper. Of this cook book, written by Marion Harris Neil, formerly cooking editor of the Ladies' Home Journal, a prominent New York publisher said: "Such a book would cost at least \$1.00 in the average book store." But you will find below a simple way to get it for 10c.

How to get this \$1.00 Cook Book for 10c (Special Offer for one week)

HERE is a really unusual opportunity. We wish every housekeeper in this city to use a can of Crisco; to discover for herself through actual test the ten outstanding virtues of Crisco (listed below).

So in cooperation with your grocer we are making an offer by which you can save 90c.

How you Save 90c

During the coming week we will give you, for 10c, an unusual cook book with a minimum value of \$1.00—provided you accompany that 10c with a wrapper from a can of Crisco.

Does any shortening, besides CRISCO, possess these 10 virtues?

1. Crisco is a pure vegetable shortening—not an animal fat. Crisco is made from the pure sweet oils of growing plants.
2. Crisco delightfully answers every shortening and frying purpose: For Cake-making, Shortening, Frying.
3. Crisco gives perfectly delicious results. Crisco cakes are light and tender and stay fresh longer. Crisco fried foods are crisp outside and tender and fine-flavored inside. Crisco pie crusts and pastry are deliciously brown and flaky.
4. Crisco needs no refrigeration. It keeps sweet and fresh indefinitely without ice-box help.
5. Crisco is very digestible. (Food authorities say that an easily digested fat should melt near body heat—98° degrees. Crisco melts even below this temperature. It melts at 97° degrees.)
6. Crisco helps to secure uniform cooking results, for Crisco itself is absolutely uniform. Crisco never varies—it is the same to-day, to-morrow and a year from to-day.
7. In frying with Crisco you avoid smoke and unpleasant odors. Crisco never publishes, to living room callers, intimate news of kitchen activities.
8. In frying, Crisco is but little absorbed by foods. Crisco makes fried foods with a crisp, brown outside and a tender, digestible inside.
9. After frying with Crisco you can strain it and use it again and again. You can fry fish, then onions, then potatoes in Crisco and the potatoes will not even hint of the onion.
10. In all kinds of cooking Crisco lets the fine full flavor of the ingredients come out—undisguised by the flavor of the shortening itself.

This cook book consists of 231 pages of cooking and serving information—the sort of information that will give really practical daily help to even an experienced cook. Prepared by Marion Harris Neil, formerly cooking editor of the Ladies' Home Journal, it contains also 615 tested recipes.

In "A Calendar of Dinners" Mrs. Neil approaches the housekeeper's daily problem of "what for dinner" from a fresh, sympathetic viewpoint.

Her cook book will save you a great deal of time and worry when you are puzzled over the menu for a dinner.

For it contains a special dinner menu for every day in the year and gives recipes for a great many of the dishes mentioned in these menus.

An outstanding point about these recipes is this: They are prepared with special reference to digestibility. They will be peculiarly

welcome to every thoughtful wife and mother who keeps a careful eye on the healthfulness of her family's foods.

The simple way to secure this cook book

To secure for 10c the \$1.00 cook book shown above is a very simple and easy matter. This is all you need to do:

1. Buy a can of Crisco from your grocer.
2. Clip the coupon in the lower right-hand corner of this page and carefully fill in your name and address.
3. Remove the outside wrapper of your can of Crisco, attach the coupon to it and bring or mail both the coupon and the wrapper to the

Special Crisco Week at your grocer's

During the coming week you will see Crisco prominently displayed in your grocer's store. He will invite you to buy a can. If you order by telephone he will mention Crisco especially. His reasons are two-fold and both are reasons of service to you:

1. Wanting to do you a service beyond the mere filling of your daily order, your grocer will urge you to buy a can of Crisco this week because he will thus help you to secure for 10c a cook book valued at \$1.00 at least.

2. As a progressive modern merchant your grocer naturally prefers to sell you the most practical and wholesome food ingredients. He would rather sell you a shortening which you can use for every cake-making, every shortening and every frying purpose than one whose usefulness is limited. When he sells you Crisco he knows that he is selling you a shortening which alone delightfully answers every shortening purpose; a wholesome shortening made from the pure sweet oils of growing plants.

THRIFT TALKS

To Our Own Folks!

A dollar saved is a dollar earned! That's thrift in its most appreciated stages. It's buying what you and your family need, but insisting upon a big hundred cents' worth for every dollar expended. Our thrift-values are well known. In our buying power is your saving power—an advantage that is mutually far-reaching. Our new stocks afford savings that are important to the family budget.

Good Gingham Values

Assorted Patterns and Colorings

Quality is given first consideration when we buy ginghams. We select materials which will stand long, hard wear and launder well. Next, we consider attractiveness of designs and colorings, and leave the price until the last because our vast purchases assure us the benefit of the lowest possible prices, which we in turn pass on to you.

THE LESSER OF TWO EVILS

"An avowal of poverty is no disgrace to any man, but to make no effort to escape it, is indeed disgraceful."

You and I know folks who admit that they are pretty "hard up," but we like them and respect them because they say it with a grin and a shake of the head and then buckle right in harder than ever to get out of the "hard-up" class.

But work alone won't change this condition. Work must go hand in hand with savings—the two will bring comparative comfort and prosperity.

MAYOR RETURNS FROM DALLAS

Arranged to Have Plans Made to Enlarge Abattoir and for Aerating System

Mayor T. F. Justiss, Alderman Ivan Smith and Marvin Jones, returned Wednesday evening from their trip to Dallas, which was made for a twofold purpose, one object being to obtain information and making arrangements for enlarging the abattoir plant, and the other in regard to installing an aerating system in order to get rid of the reservoir of the bad odor in the water which is occasionally caused by the green fungus moss that grows at the bottom.

The mayor stated that he investigated a system for aerating the water that takes away the bad taste like water falling over rocks. It will not cost a great deal to put in the aerating system, the mayor said, and he will recommend it to the council.

The mayor made arrangements for the York Engineering company, which manufactures ice machines and installs refrigerating plants, to send a man to Paris to take a look at the abattoir and to draw up plans for enlarging it.

DOING PRITTY WELL IN HIS NEIGHBORHOOD

W. A. Martin of the Chicota section, who was transacting business in the city Thursday, said that they were picking cotton right along in the bottom, and that the people will do pretty well. He was of the opinion that they would make enough corn to feed their stock till next year and would not have to buy any.

LIKE TO PICK COTTON A FEW MILES AWAY

There was some complaint among the few farmers who were in town Thursday that cotton

buyers in regard to the proposed issuance of bonds to the amount of \$125,000 for the purpose of erecting a Lamar county hospital to take care of the charity patients. He said that the bonds seemed to be in demand and evidently the county will not have any trouble in disposing of them. The mayor said that he had been getting letters in regard to the proposed issuance of the bonds for two months. In fact the bond buyers started writing letters of inquiry about them when the building of the hospital was first proposed.

While he was on a trip to Dallas this week on business in connection with the enlargement of the abattoir some bond dealers who heard that he was in town called to see him in regard to the proposed issuance of the county hospital bonds.

JUSTICE OF THE PEACE APPOINTED AT BLOSSOM

At a called session of the commissioners' court of Lamar county Thursday afternoon G. R. Seay was elected to fill the vacancy in the office of justice of the peace at Blossom which was caused by the death of Justice of the Peace J. H. Casey. W. B. Dost, who served as constable of the precinct several years, was the only other applicant.

Mr. Seay has served as justice four years and is qualified for the place. After making the appointment the commissioners remained in session until he could go out and make bond, which they approved, and he took the oath of office. He will hold court today.

WANTED TO GET BOARD AND PICK FEW DAYS

J. N. Jones, living fourteen miles west of Paris on the McBeth farm was in town Thursday trying to get cotton pickers. He said he had twenty bales picked and about thirty-five more to gather. He said he could find some pickers, but they wanted to board and pick a day or two until they could make a few dollars and pull out.

pickers are getting a little scarce. Several appear to have left for the western part of the State. W. R. Douglas, who was in from Arthur City, said that pickers were scarce around there and Boney Bend. The reason of it is to some extent, he explained, because a good many of the population around there are negroes and they enjoy riding around.

People with trucks come in and haul them off, and it begins to look like the farmers around Arthur will have to wait until people farther off get their cotton picked before they can get pickers. The crops are good in the bottom and the picking is good and it looks like they would stay at home to pick, but "niggers" like to ride. Mr. Douglas said, and would rather be hauled off a few miles and be hauled back in the evening than to pick around home.

KARNAK

Brings Relief to Texas Man
When Everything Else Fails

The ravaging effects of indigestion on the system and the quick and thorough way in which Andros' marvelous new medicine, Karnak, overcomes this health-wrecking trouble and restores the system to a condition of healthy vitality and vigor is forcefully demonstrated in the case of J. W. Beavers, a well-known citizen of Elgin, Texas.

"My digestion was so bad that food seemed to do me more harm than good," states Mr. Beavers. "Even at that I could eat but little on account of my poor appetite, and I lost weight and strength and got in a badly run-down condition. My sleep was very restless also and though I took all kinds of treatments during the past three years none of them seemed to help me."

"Well, sir, Karnak gave me a splendid appetite, built me up in weight and strength and put me in a general healthy condition. It's certainly a great medicine, and I would be doing it an injustice not to say so."

Karnak is sold in Paris by R. J. Murphy.

Spanish Defeat In Morocco Creates European Peril

The final chapter of the Spanish war in Morocco seems imminent, and international complications are threatened, as well as the end of Primo de Rivera's government in Spain. The success of the rebellious Riff tribesmen is undermining the prestige of France Italy and Great Britain in north Africa. Tangier, international city, is in peril, with its native population in sympathy with Abdel Krim and many of them joining his forces. Above are seen a typical group of Riff tribesmen, and a closeup of their leader, Abdel Krim; below, a map showing the trouble, a photo of Primo de Rivera, and a view of Tangier.

ROXTON, Sept. 25.—The Roxton school opened Monday morning the high school auditorium being packed with parents, teachers and students.

The first number on the program was a song, "America."

Rev. Scrimshire led the devotional, his subject being "Joseph, the Dreamer."

Mr. Hall then introduced the teachers. They are as follows: Miss Mabel Lowrance, piano.

Miss A. M. Campbell, primary. Missie Julian, second.

Miss Pearl Faires, third and fourth.

Miss Jessie Fry, sixth.

J. R. Peters, seventh and commercial subjects in high school.

Miss Elizabeth Mohley, Latin and English.

Morris Tittle, principal; science, mathematics and history.

San Z. Hall, apt.; Mathematics, history and biology.

Mrs. Hoyt Braselton, voice and expression.

Superintendent Hall then introduced Gibbons Poteet, who gave a very interesting and vivid description of the old time schools.

C. L. Cunningham, secretary of the board of trustees, was next on the program.

Several other patrons made appropriate short talks, among them being Mrs. E. H. McGlasson and Mrs. Gibbons Poteet.

After the speaking Supt. Hall announced that Miss Mysie Robinson and Walter Martin were present. They each "favored the audience with a few words."

Mr. Hall then told the student body that he wanted to introduce one more friend—"Work."

He wanted the Roxton school for 1924-25 to all be willing workers, endeavoring to seek the personality, knowledge and understanding that goes with a liberal education.

The program ended with a song, "Onward, Christian Soldiers." The classes then assembled in their rooms for classification and distribution of books.

The enrollment for the high school broke all former records, the total being 96. The grades enrolled around 260 pupils.

Are Using these rare powders

By Edna Wallace Hopper
I did not intend to supply powder to women. My only idea was to furnish them my greatest beauty helps. But thousands of women have urged me, by letter and in person to tell them the powder I use.

Like all my friends on the movie stage, I use very costly powders.

Have them made to my order, and they cost me \$5.00 per box.

Our careers depend on our looks, and nothing is too costly.

But I have persuaded the makers to offer these powders at ordinary prices. I order them in quantities, under my name. I offer them at my expense to girls and women who desire the best.

Now all druggists and counters supply Edna Wallace Hopper's Powders. There are two kinds. For myself I prefer a clinging powder, a cold cream powder, based on my Youth Cream.

It is enduring. That Youth Cream Powder costs \$1. But many women prefer a light and fluffy powder. If you want that kind, it costs but 50 cents. Both kinds come in three shades, white, flesh and brunette.

So far as I know, these powders are the finest in existence. You may be sure that if anyone produces a better powder I would get it quickly. Anyone who uses common powders will gain no conception of what powder should be.

Let me send you a sample. I will mail this coupon and tell me the kind you want.

BASKET SUPPER AT HOPEWELL SATURDAY NIGHT

There will be a basket supper at Hopewell at the Methodist church this evening for the benefit of the church. Everybody is invited to attend.

MIDWEEK SERVICE AT FIRST PRESBYTERIAN

Wednesday evening's service at the First Presbyterian church was a continuation of the study of the book of Acts. This discussion was based on the first verse of the second chapter: "And when the day of Pentecost was fully come, they

were all with one accord in one place."

The main point which Dr. Stanworth brought out was the distinction between church unity and uniformity. He showed that organic union in denominations is both undesirable and impractical. Any form of church government broad enough to include all denominations might become so ineffective as to border on anarchy. So long therefore as people differ in temperament and in belief, greater good can be accomplished by the various denominations working in their own way but toward the same goal.

MEETING OF EPISCOPAL CHURCH GUILD THURSDAY

After choir rehearsal Thursday evening, the Choir Guild of the Episcopal Church of the Holy Cross met in the parish house for the first fall business discussion.

Twenty members were present, and Mrs. J. J. Fox, the president, had the chair.

A general review of the work and present condition of the guild financially and numerically, was given, and plans laid for the winter activities.

Some new chant books are to be ordered to replace the worn-out ones, and the guild will hang in the parish house the pictures of the vestry and choir.

Mrs. J. H. Newberry, the choir mother, was also made the registrar.

Talks by Richard Blyth on the spirit and attitude of the choir toward its duties and by Mrs. J. M. Cox on the church service league, were very much appreciated.

All members of the guild were urged to be present at the all-day meeting of the league at the parish house on Monday.

Plans were discussed for a winter roast with Mrs. W. R. Faught as chairman, Miss Elizabeth Burke and W. D. Black, appointed to make the arrangements.

Mrs. Faught and Miss Maude Walker were hostesses for the evening, and served coffee, sandwiches and cake.

DR. WRIGHT'S CLASS TO HAVE CHICKEN DINNER

The attendance contest that has been in progress in the Wright Bible class of the First Baptist church ended two weeks ago and tonight at 7:30 in the basement of the church, the Reds will celebrate their victory over the Blues with a chicken dinner at the expense of the Blues.

The women of the W. M. U. will serve the dinner and will have charge of the program and it promises to be a good one.

J. R. Gill, captain for the Blues, urges every member both of the Reds and the Blues to be in attendance.

Prayer Meeting at West Paris Church of Christ

The weekly prayer and praise service of the West Paris church will be held this evening at 7:30. A cordial invitation is extended everyone to attend.

Bonham Street Prayer Service

The pastor, Rev. L. D. Shawver, was the main speaker at the midweek prayer service at the Bonham street Methodist church on Wednesday.

A continuation of the study course, "The Life and Letters of Paul," was given and much enjoyed. These addresses are interesting and inspiring and give a great deal of interesting data on the works of Paul.

First Baptist Junior Y. W. A.

The Junior Y. W. A. of First Baptist church will meet Saturday afternoon at the home of Mrs. R. W. Moore on Margaret street at 4 o'clock and every girl in the church is cordially invited.

This is an important meeting as program for fall work will be planned and discussed.

First Baptist Continues Week of Prayer Service

There was a goodly number in attendance at the week of prayer service at the First Baptist church Thursday afternoon when circle three had charge of the meeting.

Circle four will have the program for today and all ladies of the church are cordially invited.

M. P. Prayer Service

There was a splendid attendance at the midweek prayer service of the Methodist Protestant church Wednesday evening.

The service was conducted by the pastor, Rev. L. W. Shivers, who read the fifth chapter of Zachariah and gave a beautiful lesson on prayer.

Singsong at Immanuel Baptist

The regular Friday evening singsong of the Immanuel Baptist church will be held this evening at 7:30 at the church. The leader, A. C. Robertson, is anxious for a large number of singers to be present.

First Baptist Y. W. A.

The Y. W. A. of the First Baptist church will meet this evening at 7:30 with Mrs. Clarence Turner on the Lamar avenue road. Mrs. L. N. Parrott will direct the lesson on "In Royal Service."

All members are urged to be present.

Pep BYPU to Have Party

The Pep BYPU of the Immanuel Baptist church will be entertained with a party this evening at the home of the pastor, Rev. H. E. Morris, and wife on Bonham street.

THE LIONS HELD AN OPEN MEETING

Excellent Program of Music, Recitation and Will Evans as Evening Speaker

The weekly noonday luncheon of the Lions was suspended yesterday in its place the Lions held an open house in the evening, having as their guests their wives, friends and sweethearts, in addition to a number of special guests.

The attendance was unusually good and the special guests included Felt Fort, Mrs. Corinne Dargan Brooks, Mrs. Frank Fuller, Dr. Wagner and Will Evans of Bonham and Captain and Mrs. J. S. Law.

The weekly prize was given by Tol Boswell and Neal Duncan won it. Will Boswell gave a prize to the lucky lady and this went to Mrs. Tom L. Beauchamp.

Cam Hathaway, in the absence of the president, Dr. Hooks, presided and Herman Coker's group had charge of the program.

Dr. W. M. Wright acted as toastmaster for the evening; and after the guests had partaken of the delicious eats, a pleasing and most profitable program was rendered.

The first part of the program included a musical combination consisting of quartet, duets and a solo; the talent being made up of the Central Presbyterian trio and Mrs. Dargan Brooks also from the Central Presbyterian church, played all the accompaniments.

The following numbers were given: "Lilies Sweet and Daffodils," Mrs. Dargan Brooks; "God Made You Mine"—Quartet; "I'll Love You Forever and Aye"—Mrs. Fuller and Mr. Fort.

Solo, "Garden of Happiness"—Mrs. Fuller.

Miss Henrietta Warren, a favorite among the Lions, was the next to appear on the program and her number as is always the case, met with the approval of everyone present. Her offering was a reading entitled, "A Black Green Grass Widow."

Dr. Wright introduced Will Evans of Bonham, the real speaker for the occasion, and he said a lot of things that will make the Lions and their visitors sit up and think. His talk was along lines of patriotism and loyalty and he chose as his subject, "The Test of Loyalty."

He spoke briefly of Paris, in a complimentary manner, and said that he always liked to visit Paris; that there was something in Paris that attracted him and that he admired the brave and high spirit which the people of Paris brought out.

Mr. Evans brought out the point that the test always comes to everyone. It comes without warning and sometimes it finds men and women who will meet the test and sometimes it does not.

He commented on many in history who had met tests of various kinds and referred especially to Esther, Joshua and Moses—all of whom had met the test before God.

"The time has come," said Mr. Evans, "when every man or woman in Texas; when every man or woman in the United States must plan together and work out the salvation of your life and mine."

"We are living in an hour of danger; men are planning and determining the safety of this country. It is a time for loyalty."

"We all have some mission to perform. We must show what side we are on; not politically but in the world."

He said there were two kinds of obligations; one is the inherited obligation and the other is the assumed obligation. Both of them must be met. It is time for the Lions to roar, when they find a man that speaks ill of his country.

Mr. Evans concluded his talk with the thought that we as individuals must be loyal and prepare ourselves to meet the test; and that not only Texas, but the United States is calling each of us to help solve the many problems that are confronting us.

Mr. Evans' address was highly appreciated by the entire body as was evidenced by their hearty applause.

EPISCOPAL WOMAN'S AUXILIARY MEETING

The Woman's Auxiliary of the Episcopal Church of the Holy Cross held its first regular meeting of the season on Monday afternoon at the parish house with a good attendance.

A summary of the summer's activities was heard, several committees reporting and further discussion of the winter's work was held.

The auxiliary voted to hold its meetings only once a month in the future the date being fixed as the second Monday of the month.

All members are urged to attend the corporate communion of the women of the church at 10 o'clock next Monday morning for the presentation of the United Thank Offering.

Following this will be an all-day meeting of the Church Service League, in the parish house, with a lunch at noon, and all societies will be expected to report.

Mrs. Dargan's report stated that work had been received from the asylum at Wichita Falls, thanking the auxiliary for a gift of 25 books for the library there.

Mrs. A. W. Neville reported that sixteen magazine subscriptions had been placed at the various posts, the auxiliary members sending the periodicals at regular intervals. Excerpts from letters were read expressing appreciation of the magazine, and the value placed upon them in these out of the way places.

Mrs. Fox and Mrs. T. M. Cox were hostesses for the afternoon and served tea and wafers at the close of the meeting.

EXECUTIVES AND ADVISORY BOARD

Chamber of Commerce Officials Heard Report of Traffic Bureau and Others

The executive members and advisory board of the Chamber of Commerce met in regular weekly session Thursday morning, heard the report of the Traffic Bureau's latest meeting and discussed several matters of interest to the city.

The report of the Traffic Bureau's annual meeting named the members of the new executive committee of that body and the minutes of that meeting were read.

Secretary Ragland of the Chamber of Commerce stated that a representative of the John W. Wortham shows had been in the city during the week and wished to make arrangements for the company to winter here again this season, as it did last year. In view of the fact that a number of the show people also spend the winter here and that considerable money is spent with the merchants of Paris during that time, the Chamber would like to see such arrangements, provided the fair association can make suitable provision at the fair park.

The secretary also called attention to the fact that while the Ringling Brothers and Barnum & Bailey circus is to show here on October 8, there will be no street parade. In view of the fact that this is a good drawing card for both the circus and the merchants, the Chamber cannot be induced to stage a parade while here.

The matter of the Paris-Hugo bridge reconstruction was brought up and, by interesting the Federal government and State authorities of both Texas and Oklahoma, it is hoped that a free bridge can be maintained instead of toll being charged for its use. The matter is one of vital importance to the traffic of this section, and no effort will be spared in pushing the project to a speedy accomplishment.

R. F. Scott, Jr., told the board of the plan of the American Legion to have a free barbecue on Armistice Day, and asked the opinion of the members as to this part of the day's program. After discussion, the board expressed its unanimous approval, and tendered the Legion the cooperation of the Chamber in the celebration.

Other routine matters, letters and the like being disposed of, President Walter N. Munroe outlined the program for the membership campaign to be started on October 1, and carried on intensively for 10 days, with a goal of 1000 members by the conclusion of the drive. This was heartily endorsed and all felt very confident of its success.

Members of the executive board present were President Munroe, Secretary Ragland, H. L. Baker, R. F. Scott, Jr., Jules M. Record, H. P. Mayer, J. A. Smith, B. L. Billingsley and W. C. Clark, while the advisory board was represented by J. D. Gee, M. F. Wise, W. C. McDowell, B. J. Jump, Dr. J. M. Hooks, Dr. L. B. Stephens and Mayor T. F. Justiss.

—because the housewives are particular about the purity of the food products they buy.

This is especially true of baking powder because they don't want soggy bakings. That's why the big majority use

CALUMET THE WORLD'S GREATEST BAKING POWDER

The largest baking powder factories in existence are kept busy supplying the demand for this preferred leavener of the Nation.

Human hands never touch it—the most advanced methods known to science are employed.

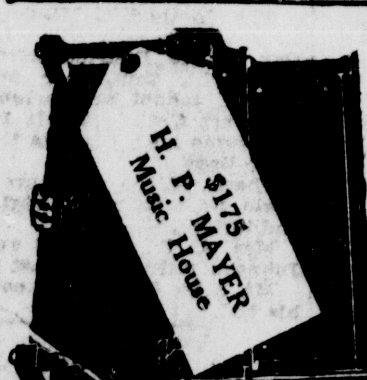

Calumet is most economical of all leaveners, less is required—one spoonful does the work of two of many other brands.

This great leavening strength never deteriorates—the last spoonful is just as good as the first.

Don't be influenced by claims of "just as good." You know what Calumet will do—always use it and be sure of best results.
